

This tracing worksheet is great for strengthening the fine motor skills. Activities that develop a child's control of the small muscles of the hands (fine motor skills) allow children to make the precise movements and improve hand/eye coordination.

Directions: Trace on the dotted lines to match the things that go together

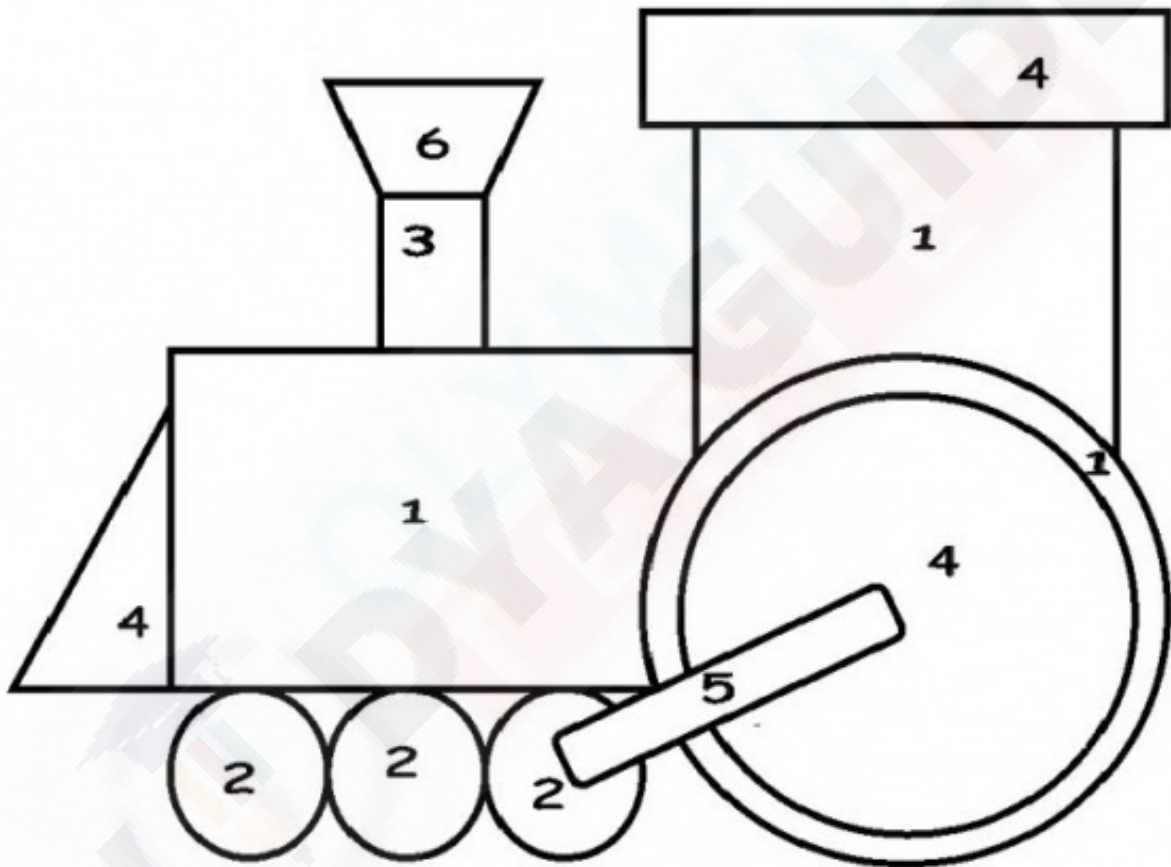

Trace the lines

Here is a fun and engaging worksheet for preschoolers that does a great work at making kids grasp numbers.

Directions: Color by number using the color key.

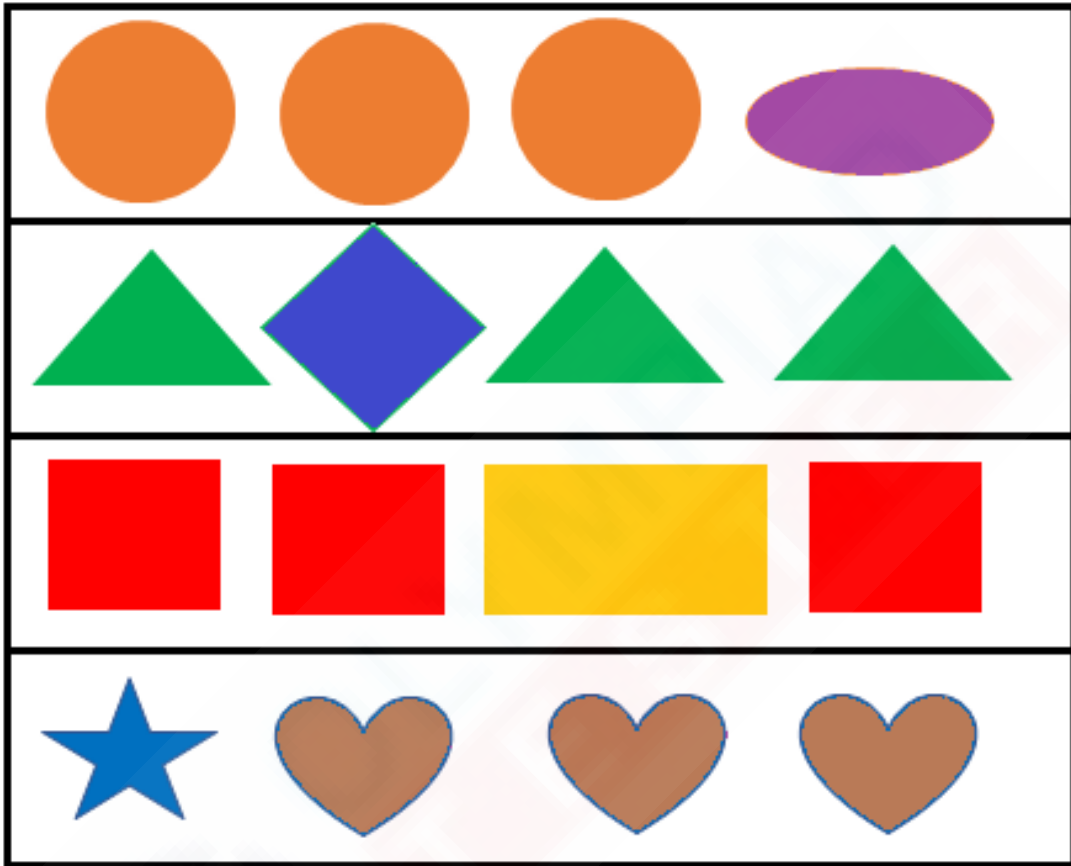

Train Color by Number

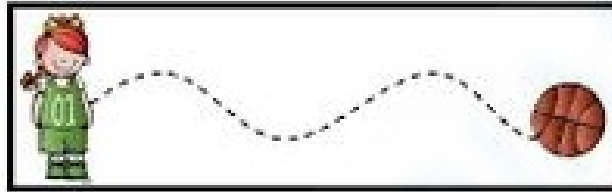

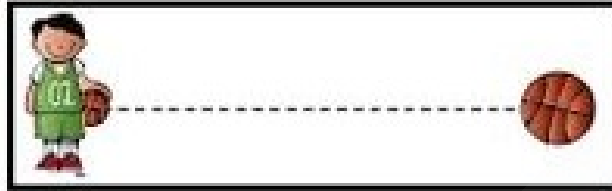

Colour Key

Look at the shapes below and circle the shape that is different from the others in each row.

Trace the lines !

Match correctly !
